

Overnight Golf Package

You've Earned It

You work hard and you know it. You also know you need some time off, but that overseas vacation you booked with your family isn't due for another few months...
Not a problem.

At Shore Lodge we've designed the ideal experience for the hard worker in you who finds it hard to disconnect. Just pencil in one of our "golf and stay" packages, and get enough of the vacation you are looking for, without every really having to "get away."

Bring your clubs and hit the greens for two rounds of golf on Whitetail Club's private and award-winning course. Learn for yourself why Golf Digest has named it one of America's 100 Greatest Courses, or why the 18-hole, par-72 course is now one of Golfweek's Best Resort Courses.

Still working on your game? Not a problem either. The course has several practice environments where you'll be able to clock in a few "practice" putts. You'll also be able to refine your skills at the driving range, putting greens and chipping greens. Besides, any of the greens will pale in comparison to the view. Picture Idaho in its most natural, untouched and rugged state, and then you'll see what a beautiful shot really looks like.

After 7,200 yards of checking in with nature, you'll then be able to get back to Shore Lodge and check out your Four-Diamond Lake View King Suite. The mystic views of Payette Lake will serve as the ideal backdrop while you get ready to join the guys for a drink at The Bar, have dinner with your family at any one of three signature restaurants, or simply enjoy a night in with some fine in-room dining service. It's your call. Because after all, you've earned it.

**Golf Packages Starting At \$455* Per Weekday Night
Weekend & Two Night Packages Also Available**
